

# Digital Equity Act Programs

These programs provide grants to help communities bridge the digital divide by offering essential skills, resources, and support needed to fully benefit from high-speed internet access. By addressing disparities in digital access, these programs seek to empower underserved areas with the tools necessary for education, economic growth, healthcare, and community engagement.

GenXC Group is deeply committed to advancing digital equity and helping communities overcome barriers to digital access. By partnering with local governments, community organizations, and other stakeholders, we provide **end-to-end broadband solutions** and develop programs to enhance **digital literacy and inclusion**.

## OUR SERVICES AND COMPLIANCE

**Network Design & Planning**   **Construction & Installation**   **Educational Development**   **Maintenance & Support**

- ✓ Compliance with **federal guidelines** on community engagement and inclusivity, ensuring that projects are developed in consultation with local residents.
- ✓ Implementation of Federal Information Security Management Act (**FISMA**) to protect data privacy and network security across all broadband initiatives.
- ✓ Alignment with educational and workforce standards to ensure **digital literacy programs** meet federal requirements for inclusive training and workforce readiness.

With extensive experience in broadband deployment and digital inclusion initiatives, GenXC Group is uniquely positioned to support Digital Equity Act Programs. We bring a holistic approach to digital inclusion, working with communities to develop solutions that are sustainable, impactful, and accessible to all.
